LUNCH 'N LEARN

SAILING ORIENTATION DAY

New to SOS? Haven't sailed in a while? Want a chance to polish rusty sailing skills? With a variety of activities and speakers, our Lunch 'n Learn will answer your questions about sailing with SOS as well as review skills and sailing knowledge – you will feel ready to get out on the Bay and share time with friends. We plan sessions on Provisioning 101 – what to bring and how to pack it; Meals, Menus and Galley Efficiency; Aids to Navigation – what you will see when out on the Bay; Getting from Point A to Point B – wind, charts, and points of sail; Cruising and Rafting Etiquette ... and so much more. Participants will leave the day feeling more confident in your sailing and navigation skills and your knowledge of what to bring, what to wear, what is expected, and how to do it all. Open to non-members.
